

WINE VISION

AUDACES FORTUNA JUVAT

NOPA

Wine Vision is producing modern wines in the three major wine regions of Portugal which have the greatest international potential - Vinho Verde, Alentejo and Douro, working in all regions with 3 segments - premium, super premium and icon wines.

Across the vast region of Northwest Portugal, a lush and bountiful green mantle flows from craggy mountain peaks, blanketing hinterland valleys as it sweeps down to the sea.

This is the beautiful Vinho Verde Region, where NOPA is produced.

NOPA Vinho Verde 50% Arinto and 50% Azal
Grapes

TASTING Made from Arinto and Azal varietals. The result is elegant, silky, fresh and well balanced, with a fine citrus brightness.

SERVING SUGGESTION Ideal as an aperitif or as a perfect accompaniment to seafood, poultry, pasta, salads, spicy oriental food and grilled white meat. Enjoy in moderation and in good company. This Vinho Verde is proudly produced in Portugal.
