**Other info:** May be included in vegetarian diet.

**Suggestion:** It can be enjoyed with your favourite red meat or chesses and can cellaring for up to 10 years.

### VITICULTURAL INFO:

Fall and Winter were atypical with both rainfall and temperatures well above average.

Budburst occurred between the second and third weeks of March and the vegetative cycle started quickly, due to the availability of water in the subsoil and the high temperatures. Flowering came in May. There was some "desavinho" (no transformation of the flower into fruit) in the higher ground vineyards.

In this period there was an higher than average disease pressure. In the Summer we had moderate temperatures with high rainfall in July that favored the optimal development of the grapes and exuberance of the foliar surface. This led to great expectations towards the overall quality of the vintage. However in September there was persistent rainfall that deteriorated the quality of some varieties by not allowing their correct maturation.

MIGUEL SOUSA  
Agronomist

### WINEMAKER NOTES:

This Reserva shows a concentrated colour with aromas of ripe black fruit and elegant floral notes in perfect harmony with some toast from the oak. Well balanced on palate, with firm and expressive tannis, well supported by the volume and live acidity. The final is long and complex that will develop further with more time in bottle.
