

# fulget 2017

## Origin of the grape

A controlled vineyard (15 has.) in the sub-zone of the Salnes Valley, within the "Rías Baixas" Denomination of Origin. Vines are 26 years-old.

## Vintage

Pruning took place during the months of December and January. After the flowering in June, superfluous shoots were trimmed. Throughout the summer, the crops were thinned and excessive individual branches were cut. During the ripening period a detailed analysis of plots kept check on the levels of acidity and sugar in the grapes. The harvest took place between September 1st – 13th, finding the optimum level of maturation for each plot. All this works are made by hand.

## Elaboration

Grapes were collected in 20 kg boxes; and stored in a refrigerated lorry whilst inside the vineyard and immediately transported to the Wine Cellar where cold pelicular maceration was applied on an average of 5 hours. Alcoholic fermentation took place over 21 days at a controlled temperature (16°C-18°C).

## Tasting

Straw yellow with slight greenish, limpid and bright. Aromatically, of medium-high intensity with stone fruits (peach, medlar...), citrus (grapefruit, lime...), white flowers and balsamic reminders. Good acidity in the mouth, greasy, very fruity, long and balanced.

## Recommendations

Storage temperature should not exceed 18° or 20°C and should never be exposed to the sun, avoiding in all cases sudden changes of temperature.

Suitable as an accompaniment to hors d'oeuvres, shellfish, fish, rice dishes, pasta, white meats and oriental cuisine.

It should be served at a recommended temperature of 10 to 12°C.

Alcoholic content: **12.5% by volume**  
Total acidity: **6.7 gr/l (in tartaric)**  
Residual sugar: **2.9 gr/l**

Supplied in: **Cases of 12 bottles / Cases of 6 bottles**
